Bartlett police join Ring Neighbors app

Submitted by Bartlett Police Department

Updated 8/15/2019 4:22 PM

Bartlett police have joined the Ring Neighbors app to provide timely crime notifications directly to residents' smartphone devices to help make the community safer.

The app also allows Bartlett police to see posts that residents voluntarily share.

This new crime reduction strategy has been instrumental in catching package thieves, deterring criminal activity and keeping neighborhoods safe in other communities, according to police.

It will not give Bartlett police access to residents' Ring doorbell or security camera devices. Residents are in complete control of their devices and can decide whether they want to share any video footage or other information with police.

Residents can text 'bartlettill' to 555888 to download the free Ring Neighbors app on their iOS or Android smartphone devices. The app is available to download and use even if residents do not own a Ring doorbell or security camera device.

Commander Pierce,

Thank you for arranging our meeting today to learn about Ring's approach to reducing crime in communities.

Program Summary

Our platform combines the deterrent value of a visible security system (devices) with the power of an actively engaged community (via a free app) to reduce criminal activity and to help solve open investigations.

Neighbors Portal is Law Enforcement's access to our platform. Portal highlights include:

1. **No Cost** - Neighbors Portal by Ring is a free service offered to Law Enforcement.
2. **Community Engagement** - Law Enforcement's ability to join the conversation on the Neighbors app (in response to videos or comments posted by the Neighbors community).
3. **Alerts** - Ability to post alerts based on proximity to the recipient, in the Neighbors app.
4. **Video Request** - Ability to request videos from Ring device owners who may have captured footage, that may be of help to you for new or active investigations.

As the attached MOU is reviewed, please feel free to contact me at any time. My cell number is 832-992-9910. As part of our security protocol, I have mailed a postcard to you with a code. Once you receive it, please enter the code at the end of the MOU document, along with the signature, prior to sharing it with me via email (hard copy is not required).

In the case where the MOU may need to go before City Council, we want to be sure to provide the proper support in advance. Please let me know if this is the case and I will loop in our PR/Media team for support.

Could you please help me identify the personnel in the highlighted roles (full names and emails please)? Once we receive the signed copy of the MOU and the information below, we will be ready to move forward in the process.

- Partnership Coordinator - Commander C. Pierce (cpierce@stcharlesil.gov)
- Public Information Officer / Social Media Liaison - TBD
- Investigative (CID/Crime/Property Crime) - TBD
- Community Outreach Officer - TBD
- Social Media Coordinator - TBD

Thank you again for meeting with me. I look forward to working with you and St. Charles Police Department.

Chief,

As you know we are trying to sign up with Ring doorbell so we can use their neighbors app. This is a great investigative tool. They require us to sign a pretty simple and straightforward MOU that is no cost to us. Before I signed it and sent it off I wanted your blessing. Several other departments to include Roselle and Elk Grove use this app.

Thanks,
Chuck

Commander Pierce,

Thank you for arranging our meeting today to learn about Ring's approach to reducing crime in communities.

Program Summary

Our platform combines the deterrent value of a visible security system (devices) with the power of an actively engaged community ([via a free app](#)) to reduce criminal activity and to help solve open investigations.

Neighbors Portal is Law Enforcement's access to our platform. Portal highlights include:

1. **No Cost** - Neighbors Portal by Ring is a free service offered to Law Enforcement.

2. **Community Engagement** - Law Enforcement's ability to join the conversation on the Neighbors app (in response to videos or comments posted by the Neighbors community).
3. **Alerts** - Ability to post alerts based on proximity to the recipient, in the Neighbors app.
4. **Video Request** - Ability to request videos from Ring device owners who may have captured footage, that may be of help to you for new or active investigations.

As the attached MOU is reviewed, please feel free to contact me at any time. My cell number is 832-992-9910. As part of our security protocol, I have mailed a postcard to you with a code. Once you receive it, please enter the code at the end of the MOU document, along with the signature, prior to sharing it with me via email (hard copy is not required).

In the case where the MOU may need to go before City Council, we want to be sure to provide the proper support in advance. Please let me know if this is the case and I will loop in our PR/Media team for support.

Could you please help me identify the personnel in the highlighted roles (full names and emails please)? Once we receive the signed copy of the MOU and the information below, we will be ready to move forward in the process.

- Partnership Coordinator - Commander C. Pierce (cpierce@stcharlesil.gov)
- Public Information Officer / Social Media Liaison - TBD
- Investigative (CID/Crime/Property Crime) - TBD
- Community Outreach Officer - TBD
- Social Media Coordinator - TBD

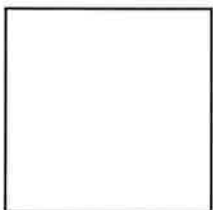

Thank you again for meeting with me. I look forward to working with you and St. Charles Police Department.

Sincerely,

Rohit D. Murti
